## COMMODORE'S CORNER

**Randy Goodman**, [commodore@broadbaysailing.org](mailto:commodore@broadbaysailing.org)

BBSA Skippers, Crew and Friends,

Welcome to June.

We are in the thick of Sailing & Boating Season. I thought May was awesome, with so many beautiful days of sailing available... I think June is going to be even better, as we have a lot of activities this month for Cruisers and Racers. The humidity is still low and it isn't very buggy yet. Hopefully the Smoke from the Canadian Fires will pass soon.

LCSA Wednesday Night & Willoughby Thursday Night racing are in full swing. **Andy Spittler** and **Al Brazzi** are really doing great things within their clubs. BBSA Weekend Racers are performing well against the other clubs in the area. **Jerry Pattenau** recently took 1<sup>st</sup> place in the Beach Cat open class of the Rappahannock Rivah Regatta; **Chris French** (Elixir) won the PHRF B Fleet in the 2023 Down the Bay Race; **Donna DeSteph & Mick Mihalcoe** (Restless) won the 2023 Cape Henry Cup Trophy and also won the CHC Cruising division and **Rob Williams** (Set Free) won the ORC Cruiser Division in the CHC. Many other BBSA members were on the podium during these races, with 2<sup>nd</sup> & 3<sup>rd</sup> place finishes.

I thought the May 20<sup>th</sup> Cape Henry Cup (CHC) was very well attended with 35 entries and was also very well organized by BBSA Racing Captain, **Claude Speed** and his crew, including his assistant **Mark Flaherty**. The CHC Awards presentation was held in conjunction with the BBSA May Membership Meeting at **Bold Mariner Brewing** on May 23<sup>rd</sup>. Together with a Cinco de Mayo theme for our potluck, this was also a well-attended and fun event.

BBSA's Crown Jewel, The **Leo Wardrup Memorial Cape Charles Cup** is August 18 – 20. Get your entries in early. The last day to get guaranteed shirt and regalia orders is June 14<sup>th</sup>. Early Registration prices are gone on July 21<sup>st</sup>.

On May 20<sup>th</sup> the BBSA membership voted to approve the updated BBSA Constitution and By-laws. The proposal was emailed to all members on April 10<sup>th</sup>. If you have questions, please let me know.

I am proud of the number of the US Sailing Certified Race Officers that we have in BBSA. There are 7 US Sailing Certified Race Officers living in Tidewater & 4 of them are BBSA Members. Our BBSA Member/Certified US Sailing Race Officers include – **John McCarthy** (Regional Race Officer), **Scott Almond**, **Randy Goodman**, and **Rob Williams** (3 x Club Race Officers). I anticipate **Claude Speed** and **Mark Flaherty** to be certified by the end of the year to help fill out our stable of US Sailing Certified Race Officers. **John McCarthy** is a leader in our Region and helps many clubs; **Scott Almond** is very active mentoring the other race officers within BBSA. Consider getting certified, there is work for more ROs.

Some fun Cruises are coming up soon, including the Norfolk Harborfest Cruise (Jun 9 - 11) and the Doobie Brothers Concert Cruise on July 2<sup>nd</sup>. There is going to be a Summer Sailstice 2023

cruise to the Norfolk Yacht & Country Club (NYCC) on June 24<sup>th</sup> and 25<sup>th</sup> that will be held in conjunction with the two days of dinghy/One design racing in the vicinity of the NYCC – the 61<sup>st</sup> Broad Bay Regatta on June 24<sup>th</sup> and the Wolcott Memorial Regatta on June 25<sup>th</sup>. I understand there may be reduced slip fees at NYCC if you coordinate early and mention the Wolcott Memorial Regatta and Summer Sailstice. Contact **David Midkiff** for details on any of these cruises.

We have a great club and with your help we can continue to make it better. We have some great volunteers and you can help.

We will be taking June and July off for BBSA Monthly Membership meetings. The next BBSA Membership meeting will be a BBSA Pool Party on August 22<sup>nd</sup> at **Sergio Diehl's** home...more info to be provided later. I hope to see you on the water – there are plenty of events on the calendar.

Best wishes,

Randy Goodman

## RACING NEWS

**Claude Speed**, [racing@broadbaysailing.org](mailto:racing@broadbaysailing.org)

**Debbie Koelliker**, [onedesign@broadbaysailing.org](mailto:onedesign@broadbaysailing.org)

We've had a number of collisions or near-collisions over the last few races – almost one a week. It appears to me that there is the attitude among some racers that "If I have rights according to the RRS, I can do whatever I want – whatever the outcome." IMHO, that violates the spirit and intent of RRS Parts 1 and 2. As I used to tell my kids in their early driving days, "It doesn't matter who's in the right, if your car's broke, it's broke." Same thing applies to sailboats and crew members. There's always a point where someone can take action to avoid a collision and protest, protest, protest. Then resolve the issue with cooler heads.

Here are Dave Perry's comments on sportsmanship and RRS enforcement, it's a bit long but worth reading that is provided by US Sailing's App version of the RRS. (researched and provided by Rob Williams)

"Sportsmanship and the Rules"

"You haven't won the race if in winning the race you have lost the respect of your competitors." Four-time Olympic Gold Medalist," Paul Elvström

### BASIC PRINCIPLES — SPORTSMANSHIP AND THE RULES

Competitors in the sport of sailing are governed by a body of rules that they are expected to follow and enforce. A fundamental principle of sportsmanship is that when a boat breaks a rule and is not exonerated, she will promptly take an appropriate penalty or action, which may be to retire.

This statement of principle is located in the rule book just before Part 1 (Fundamental Rules). It is no coincidence that the subject of "sportsmanship" is given a status above all the rules in our sport. The history of sailboat racing is filled with the tradition of exciting competition played out with respect among the competitors and officials. In keeping with that tradition, when we race, we agree to be fair and honest, to be good sports, and to attempt to win using our own superior boat speed and racing skills.

At the heart of what makes our sport so fulfilling is the principle that we have a competitor-enforced, "no-referee" rules system; that is, we have the responsibility to follow the rules on our own, to self-penalize ourselves when we break a rule, and to protest ("enforce" the rules) when we believe another boat has broken a rule. In this regard, our sport is unique compared with most other sports. I am constantly amused watching a pro tennis singles match (two players) when I count at least ten referees: One calling each of the four lines on each side, one calling the net, and an umpire to settle disputes. Even at the highest levels of racing we "call our own lines."

The rules are intended to provide for safe, fair and equitable racing worldwide; and to make competitor enforcement as easy as possible by clearly defining which boat has the right of way and which boat the requirement to keep clear when boats meet. When competitors know they

have broken a rule and it's their fault, they are expected to promptly take a penalty (One- or Two-Turns Penalty or 20% Scoring Penalty or retire). Competitors who "never drop out," even when they know they are in the wrong, because they think the other boat won't go through with a protest or they think they have a chance to "win" the protest in the hearing, just waste the time of all the people involved in the protest and diminish the quality of the racing for all. Further-more, they break rule 2 (Fair Sailing) which says, "A boat and her owner shall compete in compliance with recognized principles of sportsmanship and fair play." And if they are disqualified under rule 2, they are not allowed to drop the DSQ from their series score (see rules 2 and 90.3(b), Scoring). Rule 44 (Penalties at the Time of an Incident) provides that the One- (for touching a mark) or Two- (for fouling a boat) Turns Penalty or other voluntary penalty will almost always be available to a boat. Given that often a boat does not realize she has broken a rule until returning ashore and consulting with a rules expert, etc., US Sailing has instituted an experimental system where a boat can take a Scoring Penalty on shore before a protest hearing begins, as well as providing for a lesser penalty on the water. These options are in a US Sailing prescription to the racing rules, under Appendix V (Alternative Penalties).

When a competitor believes that another boat may have broken a rule, she can protest. A protest is merely the means of bringing an incident in which a boat may have broken a rule to a hearing after the race where the sailors in-volved and the members of the protest committee can review the incident and decide how the rules apply. Protests that are the result of honest differences of opinions on the rules or observations of the incident should never have a negative taint to them. Quite the contrary, protests are an essential part of our competitor-enforced rule system and are expected, particularly in situations where a boat has gained an advantage in the race or series by breaking a rule.

When a boat is forced to break a rule through no fault of her own, she is known as the "innocent victim," and in many cases is "exonerated" (meaning freed from having to take a penalty) by rule 43, Exoneration. If a boat feels her score has been made significantly worse through no fault of her own by the organizing authority, race committee, protest committee or technical committee, or another competitor in certain circumstances, she can request redress under rule 62 (Redress); in this case, rule 64.3 (Decisions on Redress) reminds the protest committee to make as fair an arrangement as possible for all boats affected.

Finally, note that you are responsible for ensuring that your crew, boat owner, and support persons are aware of the rules, and that they know that by your participation in the race, they have agreed to accept the rules, and that you can be penalized if they break any of the rules (see the discussion in the definition Support Person).

The rule writers have taken some excellent measures to amplify the message that sailboat racing should be synonymous with good sportsmanship and integrity with regard to fair play. However, in the end of the day it is up to us, the sailors, to use the rules as they are written and intended. One problem is that some feel that the rewards from winning justify cheating, such as the "good feeling" of winning, the attention and hype, the benefit to business and sponsors and so on.

Obviously, this is a personal decision that all sailors must make for themselves. The hope is that the temptations to cheat can't possibly overpower the realization that once people start bending or ignoring the rules, or develop their own "common law," the whole exercise of playing the game becomes meaningless for everyone involved.

Rule 2 (Fair Sailing) and rule 69 (Misconduct) provide the external "weight" to encourage strict and voluntary rule observance. However, people who race should want to know that everyone whom they've spent the time, money, and energy to race against is sailing within the rules; and when they know or suspect that someone isn't, then rather than joining in, they should take action under the rules to encourage the others to stop."

**Cape Henry Cup.** With forecasts of 7 kt winds from the NNW steadily diminishing through the day, the RC crew lead by Claude Speed on MV Heidi Marie decided to run the two short bay courses. After setting the line and anchoring, the measured wind was 14.5 kts, but the course boards were already up so the plan continued. By 1000, the RC crew measured winds of 18 kts which diminished to about 6-8 kts by the end of the race. 29 boats piloted through the short bay courses weaving back and forth between the start at R2 and Back Bay which resulted in lots of roundings in a delightfully spirited wind. The horizon was filled with spinnakers on the approach to the finish – a truly awesome sight. The videos posted on FB showed that it was a great day to be racing.

The winners were: PHRF A – **Joyride** (Doug Bird), PHRF B/C – **Callinectes** (Benjamin Cuker), PHRF N – **Seeker** (Alan Johnson), Cruising – **Restless** (DeSteph/Mihalcoe), and ORC Cruiser – **Set Free** (Rob Williams).

The Cape Henry Cup went to **Restless** (DeSteph/Mihalcoe).

Award presentations were made during the BBSA Membership Meeting at the Bold Mariner Brewery on May 23, 2023.

## FLEET RACING

### Little Creek Sailing Association Wednesday Races:

[littlecreek@broadbaysailing.org](mailto:littlecreek@broadbaysailing.org)

LCSA Face Book Page: <https://www.facebook.com/groups/250807138384289>

Broad Bay Sailors,

Little Creek Racers finished up Series 2 of our Summer Series. We are getting more competitive and race finishes are getting tighter. The starts and rounding's have elicited much discussion after the race.

The Series 2 Fleet winners are: Williams (**Set Free**) NS1; Eash (**Brittany**) NS2; and Radam (**Grey Area**) SPIN. Official results can be found here <https://broadbaysailing.org/LCSAResults>

Finally, at long last, it was Southern Bay Race Week. LCSA showed the flag and brought home some bling. Overall Fleet winners for their classes were Veraldi (**Quicky**) J/24 One Design, and Baun (**BaseRunner**) ORC Cruiser. Just a quick note, ORC Cruiser was pretty much a Little Creek Battle Group.

Also, we need to bring up some honorable mentions; Williams (**Set Free**) gave BaseRunner a run for their money with a 1<sup>st</sup> Place on Saturday and Qejvani (**Arberia**) gave the PHRF Non-Spin racers a good challenge with a 1<sup>st</sup> Place in Race 6. Way to go Little Creek Sailors. Complete results can be found at <https://yachtscoring.com/emenue.cfm?eID=15611>

Looking forward to another great series outside of Little Creek.

### Slow Moving Northern Neck One Week Cruise V2 17-25 June

The other half of the Team Tipsea Race Syndicate, Jeff Guyer, will be heading out for a one-week cruise for the "Middle Chesapeake/Crisfield Cruise". Our cruises tend to not stick to the float plans as much as others, in fact plan changes happen on the fly quite often but always end up as a good time. Anchoring/relaxing/swimming/exploring/libations are usually at the forefront. We are only planning for about 4 stops but have extra time built in for plan changes/weather delays.

## Harborfest Cruise 9-11 June

The BBSA and HYC cruisers will once again make the “long” trek to Norfolk for the Harborfest weekend, where participants will have the option to anchor together, in the vicinity of R32 off Hospital Point near Tidewater Yacht Marina, or reserve dockage at Waterside Marina directly. Since the Parade of Sail is Friday morning, I envision that

several boats will arrive at Harborfest Thursday night or early Friday AM. We (S/V Brittany) will be there Thursday afternoon. We welcome others to join us to get a good spot to see the Parade on Friday morning and fireworks on Saturday night. Regarding events, other than the shoreside action throughout the weekend, we plan to get together a few times out on the boats in the anchorage. Remember, we will be rafting up, anchoring solo, getting a slip, and/or potentially dinking around a bit.

Tuesday evening, we will gather on the docks at around 1800 for docktails which will be followed by a potluck. Please bring appetizers as well as a main dish to share. At sunset, the City of Cape Charles always puts on a great fireworks exhibition and our dock makes for a great spot to enjoy them.
