Southern Bay Racing News You Can Use #502

SBRNYCU is an independent weekly publication of southern Chesapeake Bay racing happenings. Founded in April, 2000.

Try sailing - it's NOT easy! - Bill Schanen, [SAILING Magazine](#)

TYLER MOORE and GEOFF EWENSON in the thick of things at the 505 Worlds in Denmark. Tyler (Hampton) and Geoff (Annapolis) are fighting conditions and equipment (bent mast in 1st race in 30+ knots) as well as a fleet of more than 100 world class 505 racers. Five races are in the books and that makes one throw-out available. There have to be 8 races in order for a second throw-out to apply. Today, Monday, is a lay day. Also racing in Denmark at the 505 Worlds are southern Bay father and son team, **dad Chris and son Tom Rassmussen** from Hampton. Follow the 505-ers at www.505sapworldchampionship2010.com (some patience is required).

CAPE CHARLES CUP - August 14 -15, Saturday and Sunday. A point to point to point race for racers and cruisers. This is certainly one of the best two-day southern Bay summer regattas. There are two races - on Saturday race from Norfolk's Little Creek area to Cape Charles, party and spend the night at the lovely Bay Creek Resort and Marina (or dock at Cape Charles Harbor), and then race on Sunday from Cape Charles to Buckroe. This is billed as the regatta that appeals equally to racers and cruisers. In the Racing Division there are starts for all PHRF classes, including separate classes for PHRF Non-Spin Double Headsail and PHRF Non-Spin Single Headsail. There is also a Cruising Division for monohulls and a Multihull Division for "*boats designed for open water voyages (no beach-launched vessels).*" Broad Bay Sailing Association pulls it all together. Event Chair - Jim Williams; PRO - John McCarthy. For information and entry, please contact Scott Almond at (757) 471-2663 or CCCup@broadbaysailing.org. **Entries for the 2010 Cape Charles Cup close on Monday, August 9, at 1500 hours.** Git on it , time's a flyin'!

Amthor takes 10th in Ontario. Henry Amthor is back home from the **Canadian Laser Masters Championships** in, as Henry described it, "the great white north at Sturgeon Lake Ontario. (July 23-25)." The temperatures were in the 70's (break out the long underwear!). Henry did great among some really stiff competition. The 53 boat fleet included two former World Champions, seven past National Champions, and a couple of Olympians.

Southern Bay racer John Blais' Stardancer finished 2nd in the 7 boat one-design Beneteau 36.7 fleet at the Integrity Summer Invitational hosted by Herrington Harbor Sailing Association. The boats got in a total of four races Saturday and yesterday. *Stardancer* was tied for first overall, but fleet winner *Jubilee* (Keith Mayes) won the tie breaker by posting a second win in the fourth and final race.

Webmasters are critical to events in these days and times. We have a lot of good ones in the sailing community and certainly on the southern Bay. Folks who give their time and genius to special racing events on the southern Bay certainly come to mind - most recently, **Jon Deutsch** (2010 Opti National Championship Regatta), and **Buddy DeRyder** (Southern Bay Race Week for the Black Seal Cup). It's a tough job requiring talent, time, skill, patience, and judgment.

US SAILING has announced that the ***Racing Rules of Sailing for 2009-2012*** application is now available for Android Phones. Imagine, all of the rules are available at the touch of a finger. Remember, though, you need to know and understand the rules. There really is not time on the race course to find the phone and flip through the rules to decide what's ok and what isn't. Go to your first and best option - your top knot! (Don't forget to update and refresh there, too.)

Fishing Bay Yacht Club is hosting their **71st Annual One Design Regatta**, in two weeks, August 14 & 15. Classes expected include: 420, Albacore, Hampton, Flying Scot, Front Runner, Laser, Laser Radial, Mobjack, and Optimist. The FBYC-ers have done this 70 times before - chances are it will be a fun event done right! David Hinckle is the Event Chair - (804) 370-7650; Rick Klein is Principal Race Officer, (804) 832-5079. Details and on-line registration are available at www.fbyc.net The regatta organizing authority has confirmed that there **will not be Portsmouth fleet at FBYC AOD** - Five or more boats are required for a fleet at this regatta.

RACERS AND THE RULES QUIZ: (Answer follows in this issue of *SBRNYCU*.) You are sailing on starboard

tack when, in your opinion, you are fouled by a boat on port tack. You crash tack to avoid collision, thus losing considerable ground to not only that boat but several others. At the end of the race it is obvious that you would have won the race had you not had to crash tack. Can you request redress to get back the time you lost as a result of the offending boat's action?

REALLY, REALLY BUSY WEEKEND COMING UP: *Something for every racer of every stripe!*

Answer to RR Quiz Question: Nope. And, for two reasons: First, you cannot "get back" time lost because of another boat fouling you in a right of way situation (port/starboard, tacking too close, room at a mark, etc.) unless there was injury to a person or damage to your boat. *RRS* Rule 62 explains this further. Second, it's too late. You could have protested the other boat immediately at the time of the incident and, perhaps, seen that boat disqualified. However, you do not get to think about it awhile and then protest later. Except in rare situations, boat vs boat protests for right of way incidents must happen immediately and then be followed up with the filing of a written protest following the race within the time limit.

MURPHY'S LAW: Ahhhhhhhhhh - AUGUST! The official DOG days of summer. *Yrs Truly ,the Racing Beagle* plans time lounging in the kiddies pool, sleeping under the shade tree, and racing in the night time. I'm good, thanks! /S/ *Murphy the Racing Beagle, the sailing spirit in us all.*
